

June 1, 2018

Dear StevensWood Customer,

We are pleased to confirm that our compliance with current Environmental Protection Agency Toxic Substance Control Act, Title VI! We participate as a chain of custody fabricator and validate incoming materials with acknowledgments, bills of lading and invoices from board vendor mills.

- **Stevens will not have an EPA Third Party Certificate**
 - The mills from which we purchase composite panels have certificates.
- **We track incoming materials through our item number driven manufacturing system**
 - We initiated required statements on our paperwork – acknowledgments, bills of lading invoices – May 21, 2018.
 - This is our assurance to you, our customer, that you are buying and using compliant composite panels and components.
- **We are members of the Composite Panel Association**
 - We only buy from EPA TSCA Title VI compliant mills who have or will have, third party certificates.
 - CARB II remains in compliance.

Should you have any questions, please contact us, 217-857-7173.

Sincerely,

Ed Wiessing
Manager, Environmental Concerns
